

WHAT IS A FLAG?

nk

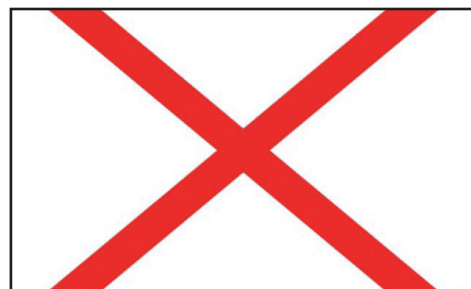

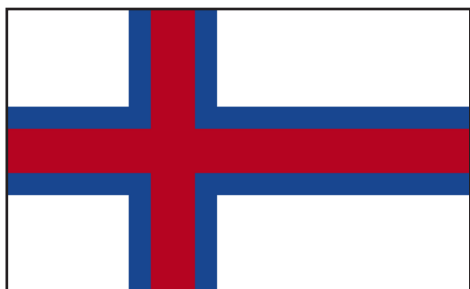

IN THE CLASS ROOM

1) There are many kinds of flags. Every country has one, football clubs do too, and even ships can flag messages to one another.

Talk about:

When does one flag? // What kind of flag do you use?

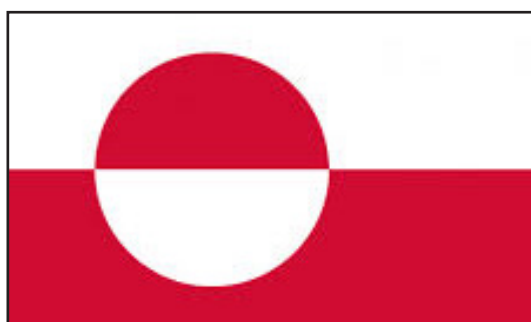

2) Do you know these flags?

AT HOLMS HUS

Artist Miki Jacobsen created a flag. He has mixed the Greenlandic and the Canadian flag. Miki Jacobsen lives in Greenland, but was educated as an artist in Canada. He also has a son in Canada – this flag is for him.

3) Can you see what from the Greenlandic flag he has used, and what from the Canadian one?

IN THE CLASS ROOM

4) When you are back in school, you can try drawing your own flag. What should it look like, and what should it be used for?
